USB Charging Adapter

DA-11004
EAN 4016032306672

The tiny and simple solution to charge your devices!

Have you ever tried to charge your tablet PC during the synchronization process? If so, did you receive the fault indication "Not charging"? We´ve got the solution: The DIGITUS charging adapter allows simultaneous synchronization and charging of your tablet PC via USB port. With the adapter, the tablet PC is provided with a higher charging rate than the standard USB port can deliver. Therefore, you don´t need any additional energy source (e.g. socket). Its small-sized and simple design simplifies the charging process and ensures convenient usage.

- USB 2.0 compliant
- USB A Male / USB A Female
- Color: white
